

I Am Made for Love (feat. Meredith Mauldin)

Upper Room Music

Your kind and so forgiving
You make life worth living
You are what my heart beats for
Your grace is overwhelming
I love it when you tell me
else what I'm created for

Cause I am made for love
So I am made for you
And nothing else compares
And nothing else will do
Cause I am made for love
So I am made for you
And nothing else compares
And nothing else will do

Your true and always faithful
And i'm forever grateful
for this life you've given me
cause you've lavished me with your grace
and set me in a new place
so that i can finally see

that I am made for love
So I am made for you
And nothing else compares
And nothing else will do
Cause I am made for love
So I am made for you
And nothing else compares
And nothing else will do

So here I am
Come take over me
Til all they see is You in me
So here I am
Come take over me
Til all they see is Christ in me

Cause I am made for love

So I am made for you
And nothing else compares
And nothing else will do
Cause I am made for love
So I am made for you
And nothing else compares
And nothing else will do

So stir up, come awaken love in me
come awaken love in me
come awaken love in my heart, my heart
(x5)
