Let Me Know

Us5

Girl, I never felt like this before
As soon as you walked through that door
You had me going crazy for ya'
Why every time I see your face
Tell me why I feel this way
I wanna love you all night long girl

Baby do you wanna be with me
Better tell me what it's gonna be
I wanna know if you feeling me
Baby girl let's go
Let me know
Tell me if you wanna go
Baby we can take it slow
Show me that you wanna come with me tonight
Let me know
Tell me if you wanna go
Baby we can take it slow
Show me that you wanna come with me tonight
Girl, I never seen an angel smile
Until you walked into my life
I wanna love you all night long girl
Why everytime I hear your voice
It makes me wanna love you more
I wanna hold you all night long girl

Baby do you wanna be with me
Better tell me what it's gonna be
I wanna know if you feeling me
Baby girl let's go

Let me know
Tell me if you wanna go
Baby we can take it slow
Show me that you wanna come with me tonight

Let me know
Tell me if you wanna go
Baby we can take it slow
Show me that you wanna come with me tonight

Do you need me baby?
I know you want me baby
U gotta taste it baby
Girl let's take it slow
Let me know
Tell me if you wanna go
Baby we can take it slow
Show me that you wanna come with me tonight
Let me know
Tell me if you wanna go
Baby we can take it slow
Show me that you wanna come with me tonight
Baby girl you gotta let me know
I could never ever let you go
Tell me girl if you wanna go
Let me know
Girl don't go
Baby girl you gotta let me know
I could never ever let you go
Tell me girl if you wanna go
Let me know
Girl don't go
Let me know
Tell me if you wanna go
Baby we can take it slow
Show me that you wanna come with me tonight
Let me know
Tell me if you wanna go
Baby we can take it slow
Show me that you wanna come with me tonight
Let me know
