

You Are Everything

Dru Hill

Can I play for you baby
Hey yo Woody help me out yeah
Hey yo Jazz you chill for a minute ya know?
Uh uh uh yeah You like that?
Goin' sing you a song
Listen
Last night we had an argument Afterwards I'm feelin pretty bent
Then I took a drink and I didn't think
What was in store for me
So I wrote a letter Dropped it on the bedroom floor
I never felt this way before no
I grabbed my coat and closed the door baby, I'm sorry
Baby I'm sorry (Oh yeah) Sorry for what I've done (Will you forgive me)
Will you forgive me and let me be your only one
'Cause you are [Chorus]
You are everything
And I would give you anything
Sorry for what I've done
I want to be your only one
Girl I apologize for all your tears
When you cried, sorry for what I've done
I want to be your only one (Sing it Jazz) Girl I apologize for all the tears
And all the lies
And if by chance just one more chance
I swear Ill be the epitome of a good man Baby I'm sorry (I'm sorry)
Sorry for what I've done (Baby)
Will you forgive me (Hey, yeah)
And let me be your only one
'Cause yo are [Chorus] Oh, oh, oh, come on
You are everything
And everything is you
You are everything Yo yo everything I do
You are everything
And everything is you
You are everything Girl, you're everything I do
You are everything
And everything is you
You are everything Girl, you're everything I do
Everything I do [Chorus] You are everything

And everything is you
You are everything
And everything is you
