

Surprise Yourself (GRYFFIN x Manila Killa Remix)

Jack Garratt

Speak and open up your mind
It's something you should do all the time
Keep exploring, seek and find
You know you might surprise yourself
Talk without a taint or hold
The doubts that should embrace your heart
The calm and chaos of your soul
You know you might surprise yourself
Take a pen and write this down
Draw something that can't be found
And learn to walk again somehow
You know you might surprise yourself
Love her if you only knew
The times that train has fooled me too
And tears me from a place I know
It helps me to surprise myself
You know you can surprise yourself
So let go and surprise yourself
