

# I Awake

## Arms Like Yours

Music by hiro yamamoto

Lyrics by k. mcdonald

Woke up depressed

I left for work

You have a good day

It's not your fault

I know it hurts

Remember, I love you, love you

Remember, I love you, love you

I love

Woke up depressed

I left for work

You have a good day

It's not my fault

I know it hurts
