

Swimming Pool

Trout Fishing in America

(K. Grimwood/E. Idlet)
Blue skies with no clouds,
Hot afternoons can get you down and make you sweaty.
Mid-summer sun bake,
I know exactly what we should do and I think you're ready.
Gonna stay cool, cool, cool at the swimming pool.
Gonna stay cool, cool, cool at the swimming pool.
Swimsuits or cutoffs
Slide into your jams, it makes no difference.
But don't forget the sun block.
Flippers or face mask,
Flip down those shades and grab your pool pass.
But don't forget the sun block.
Gonna stay cool, cool, cool at the swimming pool.
Gonna stay cool, cool, cool at the swimming pool.
Just like the river without the rocks,
Just like the ocean without the sharks,
Just like the lake, but it's not so deep,
If you want to stay cool, some along with me.
Feet first or swan dive,
Back flip or jackknife, cannonball, but no belly-busters.
Blow up that rubber raft, float all afternoon, just relax and laugh.
It's an attitude adjuster.
Gonna stay cool, cool, cool at the swimming pool.
Gonna stay cool, cool, cool at the swimming pool.
