

# Little Bo Peep

Frank McConnell

Little Bo peep did take her sheep  
Out to the meadow for grazing  
She had a picnic  
All of her own  
While the sheep were all playing  
Little Bo Peep fell fast asleep  
And lost all tack of the time  
While she was asleep  
All of her sheep  
Wandered of to play in the sunshine  
She opened her eyes  
To her surprise  
The sheep had disappeared  
She looked high and low  
Oh where did they go  
They don't seem to be very near  
Little Bo peep found her sheep  
On the other side of the stream  
They just didn't think  
They'd gone for a drink  
The water's so sweet in the stream  
Little Bo Peep had lost her sheep  
But she found them and  
Took them back home  
She'll always know  
Where ever they go  
She can't ever leave  
Them alone
