

Cry Out

ONE OK ROCK

Switch the light off welcome to the night
What's the problem, not gonna make it right?
Bite the bullet then pull the trigger hold tight
(It's a feeling you know) Kotoba wo nomikonda kimi no
Nanika wo uttaeru metsuki wa
Tatoe rarenai kurai tsumetai
(Take take take it for no one) But I don't know what to call it
When I know I don't care anymore
Itazurani sugisatteta kinou Cry out
Will you tell me now
So is everyone changing never be the same
Yeah, yeah, yeah ,yeah Cry out
Oh I'm burning out
Can't you hear the sound
(Voices all around)
(Cuz we're going down) Subete ga uraharana boku no
yowami o tsukamou to shitemo
sarani kataku tozashite miseruno Soredemo gouin'na kimi wa nanika o chiratsuka sete misete
atakamo heizen o yosou no But I don't know what to call it
When I know I don't care anymore
In the end I know we'll all be gone Cry out
Will you tell me now
So is everyone changing never be the same
Yeah, yeah, yeah ,yeah Cry out
Oh I'm burning out
Can't you hear the sound One by one it's taking apart it's taking apart of me Can't you hear the voices screaming?
Out loud to me I feel it
We can be the change we needed
Shout it out now shout it out now
Can't you hear the voices screaming?
Out loud to me I feel it
We can be the change we needed
Shout it out now shout it out now Cry out
Will you tell me now
So is everyone changing never be the same
Yeah, yeah, yeah ,yeah Cry out
Oh I'm burning out
Can't you hear the sound
(Voices all around)

Can't you hear the sound
(Cuz we're going down)
(Voices all around)
(Cuz we're going down)
