Balkan Beat Box

I do what I do
And I do
Make the sound so loud
so loud
Machiavelli
The Balkan Beat Box paints like Dali
Kali, bali, la-la-la-la-la-liLa la li
Bring the dance and leave the guns
Push your brains to positranceDrums of the resistance
We're making Bush belly dancing with Afghanistans.Bring the dance and put the shoes of
We see the devil is shopping
The TV is dropping downDung
Everywhere blood
Come anywhere
We gotta wake upSeems to me like nobody cares.
Beat, beat beats, beat box, beat beat beatIn the press with the truth in your face
You say no, I say yes.
La la li
Bring the dance and leave the gunsPush your brains to positranceDrums of the resistance
We're making Bush belly dancing with Afghanistans.
