

Star of the Show

Latasha Lee

You got me like a puppet on a string
You got me doing things i cant explain
So i will follow everywhere you go
Cuhs your the only one whos in controlDont care about them haters
They dont know
Cuhs you make me the star of the showYou have so much control
Got me actin like pinocchio
Make my hands go up
While my body spins around
Dont you let my strings goYou make go crazy ooh auright
Everytime you call me baby ooh auright
So im gonna cater to you
Cuhs i never met a man so blue
You got me like a puppet on a string
You got me doing things i cant explain
So i will follow everywhere you go
Cuhs your the only one whos in controlDont care about them haters
They dont know
Cuhs you make me the star of the showI love the way
Watchu like baby...
The way you make feel inside
Oh you give me fever
Making my temperature riseYou make go crazy ooh auright
Everytime you call me babe ooh auright
So im. wassup baby im pledgin my love to you
Baby baby baaby
You got me like a puppet on a string. you got me
You got me doing things i cant explain. i cant explain it
So i will follow everywhere you go. everywhere you go
Cuhs your the only one whos in control oh oh ohDont care about them haters
They dont know. they dont know no no no
