

The Game

Point Break

I can tell by the look in your eyes
That you'r looking for something
Deeper than love I can see
What's on your mind
And I don't give a damn
Who's looking around
Gonna give it to you girl everything I got
Steaming up the windows makin' it hot
On a one way ticket do you wanna play
I'm telling you now you feel the same way
I wanna ride with you woah
Do you feel it too
There's nothin' I won't do woah
To get next to you
We got the game riding on a freight train
We got the game going on the way
We got the game riding on a freight train
Ride with us you never feel the same yeah yeah

We got the game riding on a freight train
Stop messin' me around and playing your games
Coz we both know what's about to go on
Gonna get on down for some high speed lovin'
No I don't give a damn whose lookin around
This journey will rock and roll this track
Runnin' your nails all down my back
Gonna get you ready get nice 'n' tight
Runnin' on steam all through the night
I wanna ride with you woah
Do you feel it too
Whose got the game
We got the game yeah
He got the game
She got the game yeah
They got the game
We got the game yeah
