Tell Me

[Bow Wow](#)

Tell you, oh, tell me
Tell you, oh, tell meTell me what I gotta do
To get things back to the way they was
I'm tryin' to fight it
But I find myself steady thinkin' about usTell me what I gotta say
To whatcha try to hear come out my mouth
I'm tryin' to work it out
Baby, we need to, we need to work this outCan't you see what I'm tryin' to do?
I need to work it out between me and you
It ain't through, I would do down to do anything
You ask just to get you backTake you shoppin' all over the map just to see you laugh
Pop them tags, you plus me, do the math
Minus all the negative BS, you my other halfAin't no other that makes me feel the way you do
I can see myself comin' back at you
I'm a whole different individual now
Everybody but you invisible nowI want a commitment and I want you home
You'd never miss a good thing 'til it's gone
And I miss kissin' you and I miss spoilin' you
Missed you lovin' me and me adorin' you, no tell meTell me what I gotta do
To get things back to the way they was
I'm tryin' to fight it
But I find myself steady thinkin' about usTell me what I gotta say
To whatcha try to hear come out my mouth
I'm tryin' to work it out
Baby, I'm tryin' to work it outNow tell me, tell me what I gotta do
To get things back to the way they was
I'm tryin' to fight it
But I find myself steady thinkin' about usTell me what I gotta say
To whatcha try to hear come out my mouth
I'm tryin' to work it out
Baby, we need to, we need to work this outA lotta ladies in the world wanna be mine
But I don't give no time *** no shine
No matter how many women I see
Without you girl, I'm incompleteI'm tellin' the world I can't be discrete
I ain't the same without you and me
Girl, I even miss the arguments
You can't be real, not fraudulentHow'd it look? It's hard to get another 'Shortie Like Mine'
One that can keep me up when I'm down
Besides my riches or my Bentley

You can have all the rest that comes with meThat's my heart, mind, soul
You can be my company where ever I go
I'ma function when I let you go now
I'm tryin' to let you know so tell meTell me what I gotta do
To get things back to the way they was
I'm tryin' to fight it
But I find myself steady thinkin' about usTell me what I gotta say
To whatcha try to hear come out my mouth
I'm tryin' to work it out
Baby, I'm tryin' to work it outNow tell me, tell me what I gotta do
To get things back to the way they was
I'm tryin' to fight it
But I find myself steady thinkin' about usTell me what I gotta say
To whatcha try to hear come out my mouth
I'm tryin' to work it out
Baby, we need to, we need to work this outTell me when I'm gonna see 'em pretty pearly whites
You can get it girl, tonight, if you can act just right
Tell me that I'm your *** for life
And I'll tell you everything I know you likeNobody else know you like Bow
I do things that'll make you say wow
Ain't nothin' lil' about me, I ain't no child
Grown man now, let's figure this out
You stay on my mind, I can't take the loss
Like T. Waters, I'm 'Thrownin Off'Even when I try to perform
I think about you under my arm
I can't stand the rain
But you can't under the stormI be here for the long run
Even when the song's done
You gonna see that I'm the one
Here's where you need to comeTell me what I gotta do
To get things back to the way they was
I'm tryin' to fight it
But I find myself steady thinkin' about usTell me what I gotta say
To whatcha try to hear come out my mouth
I'm tryin' to work it out
Baby, I'm tryin' to work it outNow tell me, tell me what I gotta do
To get things back to the way they was
I'm tryin' to fight it
But I find myself steady thinkin' about usTell me what I gotta say
To whatcha try to hear come out my mouth
I'm tryin' to work it out
Baby, we need to, we need to work this outTell you, oh, tell me
Tell you, oh, tell me
