

# Pop a Bottle (Fill Me Up)

**Jessica Mauboy**

Day and night  
Day and night  
Your, on my mind  
On my mind  
It's only you and I  
You and I

Just you and me yeah ooh Got me drunk on your love  
So where's the after party  
'Cause i'm just getting started  
(Hey hey hey)  
Keep on pouring it up  
And don't you ever stop it

I know you know i want it But i don't wanna wait until the weekend comes

Just so i can pop a bottle of your love  
Take another shot, i'll never get enough  
C'mon and fill me up, fill me up

I don't wanna wait until the weekend comes

Just so i can pop a bottle of your love  
Take another shot, i'll never get enough

C'mon and fill me up, fill me up Oh-oh, oh, oh fill me  
Oh-oh, oh, oh fill me  
Oh-oh, oh, oh fill me

C'mon and fill me up, fill me up Drink it down

Drink it down

And I feel it now

Feel it now

You got me

Going wild

Going wild

I wanna scream'Cause i'm so drunk on your love

Don't wanna leave the party  
Yeah i'm just getting started  
(Hey hey hey)

Keep on pouring it up

Don't even think of stopping

I know you know i want it But i don't wanna wait until the weekend comes

Just so i can pop a bottle on your love  
Take another shot, i'll never get enough  
C'mon and fill me up, fill me up

I don't wanna wait until the weekend comes  
Just so i can pop a bottle of your love  
Take another shot, i'll never get enough  
C'mon and fill me up, fill me upOh-oh, oh, oh fill me  
Oh-oh, oh, oh fill me  
Oh-oh, oh, oh fill me  
C'mon and fill me up, fill me upGimme gimme more  
Let it pour, til it overflows  
Anything you want  
Take it all  
C'mon give it to me  
Gimme gimme more  
Let it pour, til it overflows  
Anything you want  
Take it all  
C'mon give it to meI don't wanna wait until the weekend comes  
Just so i can pop a bottle of your love  
Take another shot, i'll never get enough  
C'mon and fill me up, fill me up  
I don't wanna wait until the weekend comes  
Just so i can pop a bottle of your love  
Take another shot, i'll never get enough  
C'mon and fill me up, fill me upOh-oh, oh, oh fill me  
Oh-oh, oh, oh fill me  
Oh-oh, oh, oh fill me  
C'mon and fill me up, fill me up  
(laugh)
