

# Make A Wish

## Flo Rida

Yeah, yeah  
Ah, yeah  
Today's your day  
We going out my baby  
You and me  
It's a safe location  
Let's get away  
For your birthday  
Take a nice little trip  
Somewhere cross the bay  
Hit the mall  
Go get your tips did up  
Your nanny got the kids  
Let's live it up  
About a quarter to eight  
And I won't be late  
The 55 will be parked  
At the gate baby  
Make a wish  
Close your eyes  
Blow away hey  
When you're done  
Girl  
Give me a kiss  
Make a wish  
I'll make  
All your dreams  
Come true  
Make a wish  
Girl  
There's nothing  
That I wouldn't do  
Make a wish  
Just make a wish  
Write out a list  
What's broke is fixed  
Make a wish  
What's diamonds  
And pearls

You know  
You're my girl  
I'll give you the world  
    Make a wish  
I ain't talking bout  
    No ifs or maybes  
    No possibles  
    Girl  
You're driving me crazy  
    Make a wish  
Now open your eyes  
    I gotta surprise  
    It's in the garage  
    I copped a CI645  
    Are you ready  
        To take  
    Your first slide  
    Cut the ribbon  
        Off the whip  
    Put the key in  
    And let's shift  
        Let's ride  
From coast to coast  
    Hit a nice lounge  
        Might as well  
    Have a toast baby  
    On this special day  
    We're gonna celebrate  
    My baby's birthday  
        Make a wish

Close your eyes  
    Blow away  
    When you done  
        Girl  
    Give me a kiss  
    Make a wish  
        I'll make  
    All your dreams  
        Come true  
    Make a wish  
        Girl  
    There's nothing  
    That I wouldn't do  
        Make a wish

Just make a wish  
Write out a list  
What's broke is fixed  
Make a wish  
What's diamonds  
And pearls  
You know  
You're my girl  
I'll give you the world  
Make a wish  
I ain't talking bout  
No ifs or maybes  
No possibles  
Girl  
You're driving me crazy  
It's your day  
Girl  
You're bout  
To have it your way  
We can set it off  
At the spa  
Black card no limit  
Anything  
You want you can get it  
We'll talk no gimmick  
Yeah  
I'm committed  
Gourmet chefs  
Fireworks and more  
Camcorder  
Gonna catch it all  
Make a wish  
Make a wish  
I'll make  
All your dreams  
Come true  
Make a wish  
Girl  
There's nothing  
That I wouldn't do  
Make a wish  
Just make a wish  
Write out a list  
What's broke is fixed  
Make a wish

What's diamonds  
And pearls  
You know  
You're my girl  
I'll give you the world  
Make a wish  
I ain't talking bout  
No ifs or maybes  
No possibles  
Girl  
You're driving me crazy  
Make a wish
