

A Little Want To

[Reba Mcentire](#)

There ain't no excuse, that's what my mama said
You gotta get up and get out of bed
Roll up your sleeves, put your back into it
If you're gonna get it done then you better get to it
No matter what it is you wanna do You gotta have a little want to inside of you
That goes a long, long way
A little nothing I can't do, attitude
No matter what folks say
Well, big dreams do come true
All you gotta do is have a little want to Well, I remember sitting on the living room floor
And my brother trying to show me how to make the G chord
My hands are small, my fingers hurt
That's when he said, "It'll take a lot of work
But if I can do it, girl, so can you" You gotta have a little want to inside of you
That goes a long, long way
A little nothing I can't do, attitude
No matter what folks say
Big dreams do come true
All you gotta do is have a little want to Whoa, now I make my living
Out here singing on the stage
Well, people ask me how I got here
I just look at them and say You gotta have a little want to inside of you
That goes a long, long way
A little nothing I can't do, attitude
No matter what folks say You gotta have a little want to inside of you
(You gotta have a little want to inside of you)
That goes a long, long way
A little nothing I can't do, attitude
No matter what folks say
'Cause big dreams do come true
All you gotta do is have a little want to That's all you gotta do is have a little want to
Want to, attitude
Keep that attitude, want to, attitude
I have a little want to, want to
I want to, want to, I want to
