# Single

## Lil' Wayne

Camel shorts and bubble Kush, yeah
We can talk, she'd rather fuss
This and that 'bout such and such
Damn, where is the fucking trust?
I'm tired of the hoop and holler
I'm 'bout to take the coupe to Collins
Then take a female to the Island
Then take her clothes off and do the honors
Yeah, now she hearing with them other bitches
Yeah, I told her mind her fucking business
Shit, she prolly out here fucking niggas
I'm fucking her friends now, her friends ain't even fucking with her
Damn, she text me all day and night
So pissed off, she ain't even spelling shit right
I text her back, tell her it's life
Now somebody tell them hoes, I'm single for the night
Yeah, I'm single
Nigga had to cancel that bitch like Nino
I ain't trippin' on nothin', I'm sipping on somethin'
And my homeboy say he got a bad bitch for me
And I'm single
Yeah, I'm single and I'm single, tonight I'm single
And I ain't trippin' on nothin', I'm sipping on somethin'
And my homeboy say he got a bad bitch for me tonight
Dreads braided to the back
I'm chilling but my swag on full attack
And my girl acting like a brat
So when she call I don't answer, I just write her back
She hate it when I do that shit
And I when get home she go through my shit
She call numbers back to see who that is
Man, I hate it when she do that shit
Polo t-shirt, Polo draws
Now make me take this Polo off
Girl, you can get broken off
Yeah, I fuck you for an hour than I smoke it off
Swimming trunks and bathing suits
They go in the bedroom and tell the naked truth
Don't wanna fuss, ain't tryna fight

Man, somebody tell 'em hoes I'm single for the night
Yeah, I'm single
Nigga had to cancel that bitch like Nino
I ain't trippin' on nothin', I'm sipping on somethin'
And my homeboy say he got a bad bitch for me
And I'm single
Yeah, I'm single and I'm single, tonight I'm single
And I ain't trippin' on nothin', I'm sipping on somethin'
And my homeboy say he got a bad bitch for me tonight
Now she got on her fuck 'em dress
And I got on my double breast
And he been fussing all day with her
And I make her feel special like a place kicker
She wanna be Weezy F babysitter
Say she wish she could cut my dick off and take it with her
I say hold on, she say she just playing
Then I falls in that pussy like quick sand
Hot sex and cold wine
She left that nigga hanging like a clothes line
I cut my phones off, both lines
Its 'bout to get nasty, pork rinds
She came hard both times
We both say we single and we both lying
We both wrong but it feel right
Put your hands up if you single for the night
Yeah, I'm single
Nigga had to cancel that bitch like Nino
I ain't trippin' on nothin', I'm sipping on somethin'
And my homeboy say he got a bad bitch for me
And I'm single
Yeah, I'm single and I'm single, tonight I'm single
And I ain't trippin' on nothin', I'm sipping on somethin'
And my homeboy say he got a bad bitch for me tonight
If you single, put your hands up
If you single, put your hands up
If you single, put your
If you single tonight, tonight
If you single, put your hands up
If you single, put your hands up
If you single, put your
If you single tonight, tonight
