

# He's Turning Blue

## Carpathian Forest

He hung himself in the middle of the night  
Found dead in the morning bright light  
Got no more lithium  
Gave up life  
They say: you better give up now  
Its not worth the strife  
The soul constipationHe's turning blue  
He's turning blue  
He's turning blue  
He's turning blue  
And nobody caresHe withered  
He's not the only one  
Come on get it over with  
You're not the only oneHe's turning blue  
[repeat three more times]  
And nobody cares
