Foot Patrol

Ironik

It's Ironik, it's Daniel De Bourg
I'm under control right now
Gonna let the lyrics speak for themselvesI was always on top of love
I knew what I had was enough
But that was long before youAnd I thought nothing could hold me down
Just me and myself from hanging out
That was my life without youTill you came and changed everything
Took me from fall to spring
Degraded by love for you I'll do anythingSo I let go, can't say no
You got me on foot patrol
And I believe anything you need
You just gotta say soWhen I'm with you
It's hard to keep myself under control
It's alright, I'm on the other side of love
You got me on foot patrolYeah, I've made some mistakes in my life
But I never stopped to think twice
And that's what you showed meFor the first time, now when I close my eyes
I see my vision to survive
Now I can't live without youYou came and changed everything
Took me from fall to spring
Degraded by love for you I'll do anythingSo I let go, can't say no
You got me on foot patrol
And I believe anything you need
You just gotta say soWhen I'm with you
It's hard to keep myself under control
It's alright, I'm on the other side of love
You got me on foot patrol'Cause the loves so strong I feel like nothing can be wrong
Your heart is mine and I dedicate this song to you for life
I ain't gonna strive, I'm under control and I can't let goSo I just wanna say thanks to Daniel
For lettin' me share my love out on this track
'Cause he knows and anybody else that's in my situation
Just let your loved one knowSo I let go, can't say no
You got me on foot patrol
And I believe anything you need
You just gotta say soWhen I'm with you
It's hard to keep myself under control
It's alright, I'm on the other side of love
You got me on foot patrolSo I let go, can't say no
You got me on foot patrol

And I believe anything you need
You just gotta say soWhen I'm with you
It's hard to keep myself under control
It's alright, I'm on the other side of love
You got me on foot patrol, on foot patrol
