Cuts

Cex

It's a tied rope
your Life lives
someone else
I've found the mood
break to another world
I got to tell them
I was the one before
and it's not my fault
I'm what you adore
Take my flesh I am real
what you gonna do
if I let you feel
Cuts
I'm not a maniac
cuts
I'm not a maniac
The time is up
fighting against the miserables
when I step into your room
I know what's on your mind
so shut your mouth
I was the one before
I cut your tongue

I'm what you ignore
It is true I'm healed
so what you gonna do
if I let you feel
My cuts
I'm not a maniac
cuts
I'm not a maniac
Say it
I know you can't
follow cause I'm to fast
say it
I know you can't
Lay with me
Cuts

I'm not a maniac
cuts
I'm not a maniac
Say it, Say it again
