Love You Better (Main Version)

Ciara

Look boy
I cant stand yo butt
You lucky im lesbianWhy do you do the things you do
When i have not hurt you
Its Ciara to the rescue
I like the way you strutting you new groove
What can I do to love you betterYou smell like cash
You smell like feet
You suck big things
I got many girls to meet
You got much dough
I got much play
We both gay and lesbian
What much is there left to sayHow i am gonna..
Love You Better
Love You BetterHow are you gonna..
Love me Better
Love me BetterBaby im gonna
Love You Better
Love You BetterSecond of all
Let me get my facts straigh
You wanta me first did'nt you
futurastic is me
