## Black Sabbath

No one said it had to be this way  
Why are we the victims of their final word?  
Dying world is killing us so slowly  
I believe no God may save us now Can't you see what I see?  
Sinners say your prayers tonight  
Your judgment day is here Child of tomorrow will die, not even born  
Jesus our questions, he never seems to hear  
Dying for the answers may be  
The price we pay To find the key to our lives  
Is there a heaven, is there a hell  
Who's this God? Tell me there's no God above, why We chose what Lord  
Deep within our souls, he's not one thing  
Ooh, we are his spirit  
We could save this world from destruction day Can't you see what I see? Can you hear me cryin'  
Oh, God can you help me now? Take my hand  
Oh, God take my hand You and I are victims of their word  
As the master of powers try to poison our world  
Greed, money taken over their souls  
Just mechanical brains, politicians don't know  
They just don't know, know, know, know, just don't know
