

# X'ing Off the Days

## Queen Adreena

(C.Gray) You walk all over anyone who dares to be a friend,  
Scream and yell because you deem them unenlightened,  
High upon your horse you preach and preach and preach,  
Love thy fellow humans all your filthy little creeps.X-ing off the days,  
X-ing off the days  
I nearly broke my back as I was bending back for you,  
Half the time was hell and half a waste of time,  
High upon your horse you preach and preach and preach,  
Love thy fellow humans all your filthy little creeps.X-ing off the days,  
X-ing off the days.
