

# Can I Stay Here Forever

## Starfield

Through forgotten convictions  
Misplaced affection  
I'm losing the sound of Your voice  
I've been chasing after emptiness  
Trying to tidy up this mess  
I swear I've been down this road before  
I want to get back to where it all began  
When I would long for only You  
Like a child, I'll take You at Your word  
As these mountains of doubt, they fade away  
I'm longing to trust and love You more  
So, for me this is beautiful  
A brand new thought and a brand new world  
Can I stay here forever here with You?  
I've lost sight of what first drew me  
To the love that pursued me  
The joy that inspired my song  
The friendship that was all I knew  
The arms that I would fall into  
Seem miles and years from where I am today  
I got to get back to where it all began  
When I would wait for only You  
Oh Lord, like a child, I'll take You at Your word  
As these mountains of doubt, they fade away  
I'm longing to trust and love You more  
So, for me this is beautiful  
A brand new thought and a brand new world  
Can I stay here forever here with You?  
Can I stay here forever, here with you?  
Surrounded by Your mercy, clothed in Your truth  
Always, I'll stay, always here with You  
Can I be here forever, here with You?  
Can I know what it's like to deeply love You?  
Always, Lord, let me stay, always, here with You  
Like a child, I'll take You at Your word  
As these mountains of doubt, they fade away  
I'm longing to trust and love You more  
So, for me this is beautiful  
A brand new thought and a brand new world

Can I stay here forever here with You?  
Can I stay here forever here with You?
