Stranded

Under The Flood

Thirst for power
Leaves me stranded
Cold and helpless
Scared and lost.
Watch the monster
Fool the others
My anger's brimming
I can see the clear
Clear.
Burning eyes
Tearing holes in countless lives
Never tell them how you dragged me out
Locked me down imprisoned now
Tear out my heart
It's killing me inside
Take back the life
That you stole from me.
Shameless liar
Evil one
Prey on the gentle

Cheating lust
Feel the tension
Snare the wicked
Witness the end of deceitful lies
Lies
Burning eyes
Tearing holes in countless lives
Never tell them how you dragged me out
Locked me down imprisoned now
Tear out my heart
It's killing me inside
Take back the life
That you stole from me.
Burning eyes
Tearing holes in countless lives
Never tell them how you dragged out
Locked down imprisoned now
Tear out my heart

It's killing me inside
Take back the life
That you stole from me.
