Who's David

Busted

You've always been this way since high school
Flirtatious and quite loud
I find your sense of humor spiteful
It shouldn't make you proud
And I know your pretty face
Gets far with guys
But you make-up
Ain't enough to hide the lies
Are you sure, that you're mine?
Aren't you dating other guys?
'Cause you're so cheap and I'm not blind
You're not worthy of my time
Somebody saw
You sleep around the town
And I've got proof
Because the word's going around
Don't know you
You left your phone so I invaded
I hated what I saw
You stupid lying bitch, who's David?
Some guy who lives next door
So go live in the
House of David, if you like
But be sure he don't know
Peter, John or Mike
Are you sure, that you're mine?
Aren't you dating other guys?
'Cause you're so cheap and I'm not blind
You're not worthy of my time
Somebody saw
You sleep around the town
And I've got proof
Because the word's going around
Don't know you, do do do do woah
And I know, that you try
To break me into pieces
And I know, that you lie
But you can't hurt me now
I'm over you

Do do do do whoa
Don't like you
Do do do do whoa
Are you sure, that you're mine?
Aren't you dating other guys?
'Cause you're so cheap and I'm not blind
You're not worthy of my time
Somebody saw
You sleep around the town
And I've got proof
Because the word's going around
Don't know you
Ooh whoa
Don't like you
Ooh, don't know you
