

# Fight for Love (Blonde Remix) [Radio Edit]

Kwabs

Verse 1:

It's safe to say we made it  
Along the path we tread so well  
And the shades we use to paint it  
Can't start to show our lives parallel  
Eyes to the ground  
We watch our feet  
We're a little bruised and battle-worn  
But the walls they built to keep us  
Cannot shield our storm

Pre-Chorus:

We prayed for love  
We prayed for love

Chorus:

We prayed for love  
Someone in the distance  
Who will listen  
Listen to our breaking hearts  
We prayed for love  
Someone in the distance  
Who will listen

Listen to our breaking hearts

Verse 2:  
The endless days of thunder  
Seemed to leave us here without a chance  
Feeling like a world around us  
Is falling down like an avalanche  
We look ahead you know our hearts  
Are gunna lead us through another fight  
The negative like string between us  
Strong in our desire

Pre-Chorus:

We prayed for love  
We prayed for love

Chorus:

We prayed for love  
Someone in the distance  
Who will listen  
Listen to our breaking hearts  
We prayed for love  
Someone in the distance  
Who will listen

Listen to our breaking hearts

Bridge:  
Wherever the road takes us

The winds began to break up  
Just stay by my side  
Wherever the road takes us  
The winds began to break up  
Just stay by my side  
Chorus:  
We prayed for love  
Someone in the distance  
Who will listen  
Listen to our breaking hearts  
We prayed for love  
Someone in the distance  
Who will listen  
Listen to our breaking hearts
