Let It Go

[Burden Brothers](#)

You know it's simple and true but nobody can move me
Quite the way the way you do, every day, every night
If the timin' is right, we become more than just us twoEverything we've learned, every time we've been burned
Has turned to scars and bruises, we give out, we give in
Our blood, our skin, we're both marked losersLet it go, let it go, let it go, let it go, let it go
Let it go if you think you know the two of us
It just don't matter anymore, said, "It just don't matter anymore"
And I gotta feel you letting goWell, I told you right from the start, everything comes apart
Everybody gets crazy but your heart, your soul
Is all you can know and you know you amaze meLet it go, let it go, let it go, let it go, let it go
Let it go, everything you think you know about the two of us
Well, it just don't matter anymore, yeahWell, it just don't matter anymore, it just don't matter anymore
Everything you think, you think you know, you know
Yeah, it just don't matter anymore and I gotta feel you letting goLet it go, let it go, let it go, let it go, let it go
Let it go, let it go, let it go, let it go, let it go, let it go
Let it go, let it go, let it go, come on, let it go
Yeah let it go, yeah let it go, now let it go 'cause I gotta feel
