

Size Ain't Shit

Geto Boys

Yo Bushwick, whaddya do when m'fuckas underestimate your size man? First of all I laugh

(Then what?)

Smash their ass like a goddamn carcass

So if you wanna try your luck

C'mon...play pussy'n'get fucked

Ass-hole snicker and get beat

Your a bad motherfucker if you dare to compete

Cause Diana Ross be comin' at your ass fool

And have you singing the blues

To all now bicker and I'll pound

Let's go around

Imma take ya, shake ya

Then brake ya down

And if you kick Imma pick up a stick

And beat your ass to the size of your dick

And that's small

And you think you're mackin' when you're lackin'?

Bushwick is packin'!

I'll show your girl how a real man feels

Large things come in very small packages

And while your gettin' on your knees to fuck

A nigga like me's still standin' up

Any bitch will tell you:

As long as he has a big dick, size ain't shit! Liftin weights'll make you bigger

But lift me you'll be a dead-ass nigga

You wanna squabble coz ya think you're tougher?

(Automatic unloading) squabble that motherfucker!

Those are called bullets, they got 'em in every state

To keep niggaz like you in place

And since I'm a trigga happy nigga

Look for your place to be in a

Cemetery, you goddamn sucka

Lying next to another bad motherfucka

Reputation ain't shit coz see:

What you done did in the past don't excite me

V-I-C-T-O-R-Y

Get off work and discuss my pardon
Chill out and smoke weed with tha warden
Take a motherfucker like you
And without remorse this is what I'll do:
Punk you out and make you be my bitch
And let a nig get shit on his dick for 1 cigarette!!
Any harder then my dick and you're talkin' shit
Carry on motherfucker-
before the state convict me of assult or something hyper
and I'll end up right back at Riker's, Like a sniper
I'm scoping you out,
You won't even know when I'm takin' your ass out,

So don't get excited like your bid is exact
Cause you ain't winnin' shit but a goddamn smack
When I throw a motherfuckin' right cross
And slap the taste out your goddamn mouth
