Black Embrace

Xentrix

Chosen for this brutality
You see no sign, you're unaware
This is the start of the atrocity
That will send you far beyond repairTrapped inside yourself
A dark, lonely place
Because of what you are
Eternal black embraceYou're void of self-respect
Your dignity has gone
Don't know what to expect
You feel like the only oneTrapped inside yourself
A dark, lonely place
Because of what you are
Eternal black embraceThis black cloud [Incomprehensible] over you
Plague you right until your dying day
Always something that you could do
Speak out, don't fade awayTrapped inside yourself
A dark, lonely place
Because of what you are
Eternal black embraceTrapped inside yourself
A dark, lonely place
Because of what you are
Eternal black embrace
