

# Fallinlove2nite

## Prince

[Chorus: Zooey]  
Don't you wanna fall in love tonight  
Fall in love tonight  
She said, don't you wanna fall in love tonight  
Fall in love tonight [Verse 1: Prince]  
Special night, my favorite crew  
The moon threatened to dance her out of her shoes  
In his ear, he was about to hear  
An offer that he could not refuse She said... [Chorus: Prince]  
Don't you wanna fall in love tonight  
Don't you wanna fall in love tonight  
(She said)  
Don't you wanna fall in love tonight  
Don't you wanna fall in love tonight She said... [Verse 2: Prince]  
Underneath the taffeta  
There ain't no better hiding place  
If I see the moon, I'll just laugh at her  
Wanna wake up to your, your pretty face [Chorus: Both]  
Don't you wanna fall in love tonight  
Don't you wanna fall in love tonight  
(She said)  
Don't you wanna do it till the morning light She said... [Verse 3: Prince]  
We can sleep all day tomorrow  
Dream about this fantasy, fantasy  
We don't have to backspin, apologize, or borrow  
Uh, about to go hard, ya'll all ready for me [Chorus: Both x2]
