

# Expectations

## Microbody

Baby, innocence  
Is one day gonna be decadence  
Prom Queen, Miss America  
In the backseat in a pair of cuffs  
Sixteen, little runaway  
From the Five-O and got away  
From a small town with no scene  
Looking for a shot on the big screen  
Expectations  
Go to hell  
Expectations  
Go to hell  
Not so innocent  
On the streets hustlin'  
Never be Miss America  
In the backseat of a Celica  
Crashing with a deadbeat  
Living large on a love seat  
In a small town, no scene  
Turns out it was nothing but a pipe dream

Expectations  
Go to hell  
Expectations  
Go to hell  
Rich girl, wannabe  
Bought a quick pick from the lottery  
Watching TV with her boyfriend  
Fell asleep, left the ticket on the nightstand  
He stayed awake to see the ball drop  
Turned it way down, she never woke up  
Grabbed the keys to her car in the back lot  
Through a shot of Jack back, left with the jackpot  
Expectations  
Go to hell  
Prom Queen, Miss America  
In the backseat in a pair of cuffs  
Expectations  
Go to hell

Never be Miss America  
In the backseat in a pair of cuffs
