Last Time

George Nozuka

I'll tell you all something man
This girl man
I used to love we was together
She left, She with this other guy
Its really blowing my mind right now
George man I gotta tell you about it

I was up in the VIP section
I've seen her with her girlfriends dancin'
With her tight blue jeans and stilettos on
I thought about our last convo on the telephone
And I said girl I'm going on a tour
I'll be gone for 4 months
So why don't we just break it on off for 4 months
She said boy if you leave you so nuts
'Cause Imma just move on
And you gonna be so crushed

Never thought I'd bump into you
With another guy under your arm
Now I know that I was a fool
Fool of my girl, fool of my girl
The whole time that you were with me
My friends said I did you wrong
And now it's easy to see
It just took too long

That was the last time
'Cause the last time
I said goodbye to you
(said goodbye to you)

You may scroll down and join the discussion
Don't let him take all my love
I know it was all my fault
Give me just one more truth
It was the last time
Don't let him take all my love
I know it was all my fault
Give me just one more truth

It was the last time

You keep on blocking my calls
So now I know how it feels
And it hurts
What goes around comes around
The pain is so real
I see you two so happy
Don't know what to do (Oh)
I'm lost without you (Nooo)

It was the last time
'Cause the last time (Ohhh)
Don't wanna say goodbye (say goodbye)
Don't wanna say goodbye to you

Don't let him take all my love
I know it was all my fault
Give me just one more try
It was the last time
Don't let him take all my love
I know it was all my fault
Give me just one more try
It was the last time

Jeah, momma said
Boy she with a keeper
But now I understand
Why I'm sick with a fever
That's why I run around
With the models and divas
Drinkin' away the pain
With the henni and tequila
If I could take it all back I would
I'd take it back to the days
Where our love was all good
When I used to have you
On the bed, legs spread
Instead, I'm listening to the words you always said

On the real
Doesn't matter what's been said or done
How I feel
Don't you know that your the only one
Last time,

I took you for granted
When you were mine
Please forget about the last time
Let's talk

Don't let him take all my love
I know it was all my fault
Give me just one more try
It was the last time
Don't let him take all my love
I know it was all my fault
Give me just one more try
It was the last time

Don't let him take all my love
I know it was all my fault
Give me just one more truth
Last time
Don't let him take all my love
I know it was all my fault
Give me just one more truth
[fades..]
