

Bleed for Me (feat. Zakk Wylde)

Black Label Society

This grave of life, I give to you
Ignore what was, you know it's true
Realms of fear, they speak the truth
What has past, I hand to you Bleed for me, I've bled for you
Embrace me, child, I'll see you through
Bleed for me, I've bled for you
Embrace me, child, I'll see you through, I'll see you I'll dig a hole and bow my head
To see you smile, I'd face my death
Realms of fear, they speak the truth
What has past, I hand to you Bleed for me, I've bled for you
Embrace me, child, I'll see you through
Bleed for me, I've bled for you
Embrace me, child, I'll see you through, I'll see you
