

Dangerous But Worth the Risk

[Ratt](#)

Dangerous but worth the risk
The things you do to get your fix
You'll head for fun, you're on my list
Live for love will get you this I know something, you know that it's true
I can feel it when I'm next to you Dangerous but worth the risk
Your life's not threatened but your lovin' is
Dangerous but worth the risk The pressure's on, you're on the run
You're gettin' loose, you're havin' fun
Streets are cold but remember this
We are dangerous but worth the risk I know something, you know that it's true
I can feel it when I'm next to you Dangerous but worth the risk
Your life's not threatened but your lovin' is
Dangerous but worth the risk I know it's true
I know it's you
It's you
It's true Dangerous but worth the risk
Your life's not threatened but your lovin' is
Dangerous but worth the risk Dangerous but worth the risk
Your life's not threatened but your lovin' is
Dangerous but worth the risk
I can feel it when I'm next to you Dangerous but worth the risk
Dangerous but worth the risk
Dangerous but worth the risk
I know something, you know that it's true It's you
It's true
