

Already Won

Tye Tribbett

How can I ever be defeated
As the one who's already lost
And how can I think I never make it
When I know I've already won

I've already won

Oh oh oh oh

Already won

Oh oh oh oh

Already won

Oh oh oh oh

Already won

oh oh oh oh

Already won

Why should I ever fear the giant
Just because he stands mighty and strong
When I serve the God who's even bigger

And to Him this giant is small

So tell me who can stand before us

When we call on the greatest name

Jesus Jesus Jesus Jesus

That's the name that's mighty to save

I've already won

Oh oh oh oh

Already won

Oh oh oh oh

Already won

Oh oh oh oh

Already won

Oh oh oh oh

Already won

oh oh oh oh

Already won

oh oh oh oh

Already won
