Talk To Me

DJ Encore

Talk to me
I can only hear you breathe
Don't hold back
Set my mind at ease
Tell me don't wait till the morning breaks
I need to know
I need to knowWhen I'm here for you won't you show me through
This silence can't go on
You don't have to turn away and leave me alone
When I'm here for you won't you show me through
This silence can't go on
You don't have to turn away and leave me aloneSpeak to me
I have to understand
What's going on
Do you feel the same
Tell me don't wait till the morning breaks
I need to know
I need to knowWhen I'm here for you won't you show me through
This silence can't go on
You don't have to turn away and leave me alone
When I'm here for you won't you show me through
This silence can't go on
You don't have to turn away and leave me aloneWhen I'm here for you won't you show me through
This silence can't go on
You don't have to turn away and leave me alone
When I'm here for you won't you show me through
This silence can't go on
You don't have to turn away and leave me aloneAnd leave me alone
When I'm here for you won't you show me through
This silence can't go on
You don't have to turn away and leave me alone
