

Hero (Etania Remix) [feat. Julia]

Denis Pewny

At the end
Is only the darkness
Lying on the ground
And see the sky, so nice
Listen
What I feel
Is what I deserve
Grief in me
And now I realise to wake up

To be a hero
Oh oh ooh oh ooh
The hero in me, to be a hero
Oh oh ooh oh ooh
Which freeze me
Listen
We must stand up, and keep on fighting
Not to give up, and hide all night
I'll show how, strong you are
Facing the hero
We must stand up, and keep on fighting
Not to give up, and hide all night
I'll show how, strong you are
Facing the hero in you

Listen

At the end
Is only the darkness
Lying on the ground
And see the sky, so nice
Listen
What I feel
Is what I deserve
Grief in me
And now I realise to wake up

To be a hero
Oh oh ooh oh ooh
The hero in me, to be a hero

Oh oh ooh oh ooh

Which freeze me

Listen

We must stand up, and keep on fighting

Not to give up, and hide all night

I'll show how, strong you are

Facing the hero in you
