Like Whoa

78Violet

Life is good I can't complain
I mean I could but no one's listening
Your image overwhelms my brain
And it feels good, good, good
Now I'm rolling my window down
I love the wind but I hate the sound
You're like a tattoo that I can't remove
And it feels good, it feels good, it feels good
Like a roller coaster ride
Holding on white knuckles like
Whoa, whoa
(Can't believe I'm like)
Whoa, whoa
(Everything I'm like)
Up and down and side to side
Every inch of me is like
Whoa, whoa
(Got me feeling like)
Whoa, whoa
(Everything I'm like)
In the morning it begins again
It feels like I'm falling, better strap me in
I think I'm running out of oxygen
And it feels good, it feels good, it feels good
Like a roller coaster ride
Holding on white knuckles like
Whoa, whoa
(Can't believe I'm like)
Whoa, whoa
(Everything I'm like)
Up and down and side to side
Every inch of me is like
Whoa, whoa
(Got me feeling like)
Whoa, whoa
(Everything I'm like)
My inhibitions are weakening to let go
Place, situation, I can't help but lose control
No inner friction that I cannot seem to break

It feels good, it feels good
I'm holding on
(Holdin', holdin', holdin', holdin')
(Holdin', holdin', holdin', holdin')
I'm holdin' on like a roller coaster ride
Like I'm running a red light
Like a rocket ship in flight
Something else that makes me feel like
Whoa
Like a roller coaster, whoa
Holding on white knuckles, whoa
Won't you let your lovin' roll?
Every inch of me is like
Whoa
(Got me feeling like)
