

Trap Queen (Remix)

Fabulous

She about her paper, but tonight we on 'rillos
And I get high with my baby
Catch a late flight, red eye with my baby yeah
Yeah, get the munchies with my baby
Breakfast in bed, then lunch is on my baby
She told me to beat it up, throw some punches at my baby
She gon' feel it in her gut, stomach crunches with my baby
She gon' put that work in, then she move that work out
My last chick got fat, sorry she aint work out
