Inside Outside

Hot Rollers

Inside, outside, under my skin
Never ending love, I don't know where it begins?
I don't know where it ends, I don't know how high
I don't know how deep, I don't know how wideOutside, inside, around the world
Never ending love envelops me like a cloud
I feel You in front, I feel You behind
I feel You up above and I feel You at the sideAnd You, You're all over me, You're all over me
Your banner is over me, I give it all 'cosYou still captivate me, fascinate me
You still captivate me, saturate meInside outside, pulling me in
No matter where I run I know You'll never give in
I see You in the storm, I see You in a kiss
I've been around the world and never found a love like thisYou're all over me, You're all over me
You're everything I want to be
I'm all over You, You're everything I want to see
You're all over meYou, still captivate me, fascinate me
You still captivate me, saturate me
You still captivate me, liberate me
You still captivate me
