

# Inside Outside

## Hot Rollers

Inside, outside, under my skin  
Never ending love, I don't know where it begins?  
I don't know where it ends, I don't know how high  
I don't know how deep, I don't know how wide  
Outside, inside, around the world  
Never ending love envelops me like a cloud  
I feel You in front, I feel You behind  
I feel You up above and I feel You at the side  
And You, You're all over me, You're all over me  
Your banner is over me, I give it all 'cos  
You still captivate me, fascinate me  
You still captivate me, saturate me  
Inside outside, pulling me in  
No matter where I run I know You'll never give in  
I see You in the storm, I see You in a kiss  
I've been around the world and never found a love like this  
You're all over me, You're all over me  
You're everything I want to be  
I'm all over You, You're everything I want to see  
You're all over me  
You, still captivate me, fascinate me  
You still captivate me, saturate me  
You still captivate me, liberate me  
You still captivate me
