

# When Ya On (Feat. Nipsey Hussle)

## Chamillionaire

[Intro - Chamillionaire]

They only love you when you on

They only love you when you on

The only other time is when you're gone

They only love you when you on

What goes up come do-ow-own[Verse 1 - Chamillionaire]

Welcome to 2011 where everybody's the realest

Everyone who a midget, say they do it the biggest

Every part of your business is everybody business

Got my name all in your mouth

I should have been a dentist

Yeah, everybody done did it

Everybody's a critic

I'm like "What you talking about" like everybody's a Willis

Man, they say they love you when the block on smash

Since they so in love, tell them they can kiss my cash

Wait a minute you don't like me, well I don't like you

These fakers saying that they real. but I see right through

The old me, that was the realest person I knew

The new me probably the realest person times two[Chorus - Chamillionaire]

So when you feel like it's everybody for themselves

And the place where you living isn't far from hell

And they keep telling you that you were born to fail

And everybody say they real but it's too hard to tell

Say until I die, I'ma always grind

I'ma be okay, I'ma be alright

If they say I fail, that would be a lie

But there ain't no such thing as a tie

They only love you when you on[Verse 2 - Chamillionaire]

Hold up

You got to be out you conscience

They ain't got no sense, and that's why we call it nonsense

How they going to talk about what you never accomplish?

Like they done, done something that's worthy of my responses

Look at the tags, I'm showing them how to stunt G

Candy and paper plates, it looks like I got the munchies

It's so ironic they couch got money in it

But y'all always on the couch and never get any money

Where's Cupid? They only love you till you next hook

But I don't check the gossip blogs  
I check check books  
Ask LeBron he say winning is the best look  
Every move I make is right, like I ain't got a left foot  
To keep it real a record deal couldn't stop me  
I'm bootlegging bullets, you can still get a copy  
Lucifer is in a pair of heels in the lobby  
I don't dance with the devil call it trilluminati[Chorus][Bridge - Chamillionaire]  
Northside where you at?  
Northside let me know you got my back  
They only love you when you on  
Southside where you at?  
Southside, let me know you got my back  
Yeah  
Eastside where you at?  
Eastside my nigga you got my back  
They only love you when you on  
Westside where you at?  
Westside let me know you got my back[Verse 3 - Nipsey Hussle]  
Look, I'm a get money nigga, on a daily basis  
Road to the riches, potholes in the pavements  
That's why I follow every rule and regulation  
Making rap money off this game I've been laced with  
Uh, and you can blame it on black Sam  
Blame it on Crenshaw and Slauson Ave.  
Fly with bad bitch with a fat ass  
Bail money, big pistol, and a black mag  
That's how we play it, we living with the fast cash  
To all my haters, consider this the last laugh  
I've been the greatest in my city, now I'm past that  
It's all money ASCAP, broke bitches bad back  
Please, Louis Locs, Louis backpack  
First class seats like a pillow top mattress  
Uh, we can't take it to the casket  
So I'ma spend these rags  
Just to laugh at your reaction[Chorus][Outro - Chamillionaire]  
I know, I know-ow-ow-ow  
They only love you when you on  
I know, I know-ow-ow-ow  
They only love you when you on  
What goes up, must come down  
What goes up, comes down  
They only love you when you're on  
What goes up, must come down

What goes up, comes do-ow-own!
