

My Foolish Heart

Jazmine Sullivan

Oh Oh My foolish heart it made me fall in love with him

I know it goes with how it's feeling

Oh Oh Oh

My foolish heart was broken when he left us in the cold

Now I'm left to fix the pieces

Oh Oh Oh I told you once I told you twice, the next time I won't be so nice

You so quick to give it up, when you don't think about us (you don't think about us)

I won't let you keep (keep) hurting me, if you gone keep causing me pain

I won't let you keep (keep) hurting me, I'm 'bout to take you out the game My foolish heart will jump into the
deepest of the seas, even if it cannot swim

Oh Oh Oh

My foolish heart will trust just anyone, it's so naive

And I'm left to save it again

Oh Oh Oh I told you once I told you twice, the next time I won't be so nice

You so quick to give it up, when you don't think about us (you don't think about us)

I won't let you keep (keep) hurting me, if you gone keep causing me pain

I won't let you keep (keep) hurting me, I'm 'bout to take you out the game I can't take another broken heart
Maybe we should spend time apart

Oh Oh Oh

Driving me crazy, I can't take it no more

Maybe we should spend time apart I told you once I told you twice, the next time I won't be so nice

You so quick to give it up, when you don't think about us (you don't think about us)

I won't let you keep (keep) hurting me, if you gone keep causing me pain

I won't let you keep (keep) hurting me, I'm 'bout to take you out the game I told you once I told you twice, the
next time I won't be so nice

You so quick to give it up, when you don't think about us (you don't think about us)

I won't let you keep (keep) hurting me, if you gone keep causing me pain

I won't let you keep (keep) hurting me, I'm 'bout to take you out the game
