Studying scriptures, come be save

So behave ya soul's just a morsel that I crave

Be helpless feasting

But hell reaches

On da presence of life, just like leeches

Slam the gavel satantic sounds (?)

Now I'm rabble, yeah I can eat remains from the gravel

We masket passage way to the the land of the living

Unfogivin', 'N the land of death

The devil's N details, now walk my disgusting

Trails evil prevails, the difference between reality and hell

[Verse Two: Stormlord]

Spirits rise from the dead when I decapitate grills

I make bodies disappear like David Copperfield

Evil lurks in the dark and all you see is the whites of my eyes

Don't look at my eyes! Don't look at my eyes!

I kill and massacre and burn away all the body flesh

Cremating more bodies than David Koresh

Feel the fire and the flame and the way
