

Halfway To Heaven

[Tasmin Archer](#)

When you think you've reached the end of the line
Walls that once blocked your way come tumblin' down
And you'll find the answers were there all the time
When we turn out the lights and we sit in the dark
Is the mountain too high to climb? Halfway to Heaven
When you're flat on your back you can still see the stars
Guidin' you through the night, halfway to paradise
Tin gods plan, life's doors slam to hold you back
When you're born on the wrong side of the track
Don't take no, take hold, don't leave it to chance
When we turn out the lights and we sit in the dark
Is the mountain too high to climb? Halfway to Heaven
When you're flat on your back you can still see the stars
Guidin' you through the night, halfway to paradise
When we turn out the lights and we sit in the dark
Is the mountain too high to climb? Halfway to Heaven
When you're flat on your back you can still see the stars
Guidin' you through the night, halfway to paradise
You let the world roll by
You're trying to hang yourself without a rope
Mister Dream, take control
I am the means to reach your goal
When we turn out the lights and we sit in the dark
Is the mountain too high to climb? Halfway to Heaven
When you're flat on your back you can still see the stars
Guidin' you through the night, halfway to paradise
Halfway, halfway, halfway
