Dance!

Jarod Ripley

Dance
You gotta dance
Dance
You gotta dance
Dance
You gotta dance
As long as the music plays
Dance
Dont even think why
You gotta dance
Start to think
Your feet stops
Dance
Your feet stop
We get stuck
You gotta Dance
We get stuck
Youre stuck
Dance
So don't pay any mind
You gotta dance
No matter how dumbYou gotta keep the step
You gotta limber up
You got to loosen what you got bolted down
You gotta use all you gotDance
We know youre tired
You gotta dance
Tired and scared
Dance
Happens to everyone, OK
You gotta dance
Just dont let your feet stop
As long as the music playsDancing is everything
Dance in tip top form
Dance so it all keeps spinningDance
If you do that
You gotta dance
We might be able to do something for you
Dance

You gotta dance
You gotta dance
As long as the music playsDancing is everything
Dance in tip top form
Dance so it all keeps spinningYou got to...
You got to...
Dance
You got to dance
You got to dance
You got to dance
You got to dance
You got to
You got to
You got to
As long as the music playsYou gotta dance
As long as the music playsDancing is everything
Dance in tip top form
Dance so it all keeps spinningDancing is everything
Dance in tip top form
Dance so it all keeps spinning
