

# Rage-Free

## Souleye

### Verse 1

Let my words be your footprints /  
As I carry you across the sand /  
Leave your stress and worries behind /  
Thereâ€™s no rush or urgency /  
No fear to be loathing /  
Heâ€™s golden molded devoted /  
He knows he open /  
Slowly heâ€™s holding moldavite /  
Like heâ€™s from another /  
Meteor shower / Many nights Iâ€™ve cried /  
Thinking I am alone But no /  
Iâ€™ve got a whole lot of /  
Spirits that live inside of /  
The God and Goddess in us /  
And I donâ€™t need a cape to be a super human /  
Iâ€™ll follow Ednaâ€™s lead / Tao of Jeet Kune Do /  
Iâ€™ve got those Aqua-Lung rhymes like Iâ€™m Jacque Cousteau /  
And endlessly I go / Whereabouts I donâ€™t know /  
I stay rage free, channel my energy /  
With some affirmations say Iâ€™m incredible /  
Say it I dare you to / Letâ€™s see what happens when /  
You do it over and over until the days end /

### Hook

Take me Home sweet chariot /  
Through the rings of fire /  
Smell the Egyptian musk /  
7 stars they all unite /  
The chakras align /  
Got God in site /

### Verse 2

With my headphones on I enter in a zone /  
Allow the tones to be healing /  
Some instrumental music /  
That connects with my soul /  
After a while I hear the words flow /  
Then record in my headquarter catacomb /  
Where poems transform and take new life /  
Like a butterfly out of a cocoon /  
Taking flight in to the sky /  
Underneath a new moon /  
I want some more of this metamorphosis /  
I once saw a man turn in to a lion /  
Call it shape shifting / Iâ€™m not lying /  
Nor would I want to I donâ€™t need that karma /  
Iâ€™m more about the dharma / Itâ€™s your religion /  
And your ideology see it wonâ€™t bother me /  
I support equality and when its time for me /  
To have my eternal rest /  
Iâ€™ll think of this planet Earth and all of her  
Magnificence /

### Hook

Take me Home sweet chariot /  
Through the rings of fire /  
Smell the Egyptian musk /  
7 stars they all unite /  
The chakras align /  
Got God in site /

### Verse 3

If it ainâ€™t broke donâ€™t fix it /  
Leave it alone /  
Thatâ€™s a lesson that I learned /  
Mistakes that I have made /  
Many hurdles fall /  
Many tears fell /  
Material things lost /  
Iâ€™m Ok /  
And if it is supposed to come back /

Then it sure will /  
First I let it go using gratitude /  
I release the form cause it can always change /  
And Iâ€™m not a weather man /  
Canâ€™t predict the rain /  
Though I can prepare /  
Packing a spare coat /  
And in the truck you know /  
Iâ€™ve got a spare tire /  
With some extra tread /  
So I can keep track /  
I'm on my way home  
And I'm not looking back /  
Say good bye for now /  
I know I will see you soon /  
I heard the chariot awaits /  
At high noon /  
It comes for all of us /  
I call it destiny /  
A free ride on a /  
Self-fulfilling prophecy /
