Lollipop Lust Kill

Though I heard you say you love me
It pains me to say this
But I have a question
Would you love me
If you could see me?
Would you love me
If you could hear me?
Would you love me

If I wasn't there?
Why do you love me?
Why do you love me?
Why do you love me?
Why do you? Why do? Why?
Why do you love me?
