

# Nosebleeds

## Best Friends

If you want it  
Reach out and take it  
Reach out and take it what is rightfully yours

And if you take it  
Try not to break it  
You know you earned it and its rightfully yours  
And I said

If you wanna hate me  
Go ahead and hate me  
I can take it cos its rightfully yours

My head is aching  
Feels like I'm breaking  
I've got a nosebleed will pour until I die

And its rightfully yours and I said
