

Motel Room In My Bed

X

Put the doorknob on my side
If you don't mind, I don't care
Put the doorknob on my side
It's self-locking, give me your key I go to bed soggy and forgetful
Hopefully not waking up so fitfully I like coffee and I like tea
I like a pretty boy and he likes me
Put the doorknob on my side
It's self-locking, give me your key I go to bed soggy and forgetful
Hopefully not waking up so fitfully Motels do that with rubber sheets
So I can't sleep staring at my sheets
Or crying on my sheets
Or bleeding on the same Put the doorknob on my side
If you don't mind, I don't care
A motel room in my bed
Put both door knobs on my side I go to bed soggy and forgetful
Hopefully not waking up so fitfully Motels do that with rubber sheets
So I can't sleep staring at my sheets
Or crying on my sheets
Or bleeding on the same
